1. RAA Road Service Benefits

Here's everything you need to know about RAA Road Service for Fleets, including all the terms and conditions of your Benefits.

When we refer to 'you' or 'you're/your', we mean you the Product Holder. When we refer to 'us', 'our' or 'we', we mean RAA. When we refer to 'Benefits', we mean the services that you're entitled to with your Road Service Product.

When we refer to Road Service, we mean Road Service for Fleets.

When we refer to 'the' or 'your' Vehicle we mean the Nominated Vehicle. For more definitions, refer to the glossary on page 16.

The Benefits:

- only apply to Breakdowns that occur within Australia
- can only be provided within the locality of the Breakdown
- only apply if you're driving the Nominated Vehicle at the time of the Breakdown
- don't apply if you – against our advice or the advice of a qualified repairer – continue driving the Vehicle following a Breakdown

If limits to the Benefits aren't listed for different RAA Road Service Products, the same Benefit applies for all Products.

All RAA Road Service monetary Benefits, limits and charges include GST.

Road Service

Road Service is a Vehicle Breakdown service that provides assistance if your Vehicle and/or your Vehicle's Towed Unit has an unexpected mechanical or electrical fault or failure. Road Service does not cover an Insurable Event and is not a substitute for motor vehicle insurance.

Road Service for the Nominated Vehicle is available within Australia at any time – it doesn't matter who's driving.

Our main aim is to get your Vehicle moving after a Breakdown, but we can only undertake minor repairs that can – using parts and tools available within the service Vehicle – be completed safely and within a reasonable time, at the roadside.

Where this occurs, any repairs will be carried out for the limited purpose of making your Vehicle mobile and are not intended to be a complete or permanent fix.

Following any such repairs, you'll be responsible for any further repairs or maintenance that may be required to the Vehicle, or for any damage arising as a result of you failing to attend to those repairs.

The type of Road Services that are available may be influenced by the location and circumstances of the Breakdown.

You might need to pay for some services and Benefits if the Breakdown happens in a Non-Serviced Area. You may be eligible to get these costs reimbursed, but this will depend on your level of Road Service (see section 6.6).

1.1 Road Service Call-out limits

With Road Service for Fleets, you get unlimited Call-outs included in your Product Year.

Excessive Use

It is RAA's responsibility to ensure that all Product Holders benefit equally from our services. Part of this responsibility is to ensure that our services are not being used as an alternative to regular routine vehicle maintenance or requested for the same recurring issues that have not been rectified.

Therefore, RAA reserves the right to limit services or entitlements to Plus or Premium Product Holders, where, in the reasonable opinion of RAA, the Product Holder's use of service or entitlement is excessive or unreasonable.

Once a trend of excessive use has been identified, RAA will notify you that further Road Service will only be provided at an additional fee per Call-out (to be quoted) at the time of the breakdown for the remainder of the Product Year.

Metro

If your Vehicle breaks down anywhere in the Metropolitan Patrol Serviced Area, an RAA Service Provider will attend without charge.

Country

If your Vehicle breaks down outside the Metropolitan Patrol Serviced Area, Road Service will be provided by the designated RAA Country Service Depot for that location.

Call-outs to areas outside of the Metropolitan Patrol Serviced Area are limited to Breakdown locations within the following distances from the designated RAA Country Service Depot, per Incident.

- **Premium:** 200km (400km Round Trip)
- **Plus:** 100km (200km Round Trip).

If your Vehicle needs Road Service outside of these distances, there'll be additional costs. We'll invoice you for these costs and they must be paid within 14 days. But don't worry - we'll give you all this information when you call us, so you can decide if you want to go ahead with the Call-out.

1.2 Wheel changing

If you have a suitable, roadworthy spare wheel, the RAA Service Provider will change the wheel for you during the Call-out.

This Benefit is limited to:

- Vehicles and/or Towed Units that weigh less than 3 tonnes (GVM)
- circumstances that don't need specialised equipment to safely provide a wheel change.

If the Vehicle falls outside our weight and equipment limitations, an RAA Service Provider will be dispatched to assess and assist with the wheel change where possible, using your Vehicle manufacturer's wheel changing equipment.

If the Vehicle isn't normally equipped with a spare wheel, you can use your Towing Benefits (see section 2) to tow your Vehicle to a place of repair.

Tyre repairs won't be undertaken at the roadside.

1.3 Battery replacement/jump-start

If the Vehicle doesn't start because of a flat battery, the RAA Service Provider will assess the battery during the Call-out, and provide a jump-start if appropriate.

If necessary, and where available, we offer an extensive range of competitively priced RAA-branded automotive batteries for roadside purchase. If you'd like to purchase an RAA battery from the RAA Service Provider, (subject to availability) they'll install it for no extra charge.

With Road Service for Fleets, you'll get a \$20 discount on an RAA battery.

If the Vehicle's battery can't be easily and quickly replaced by an RAA Road Service Provider, following attendance and diagnosis, the Vehicle/driver will be directed to an approved workshop for battery fitting or repair. If the Vehicle is disabled, you can use your Towing Benefits (see section 2) to tow your Vehicle to an approved workshop.

We will only install RAA-branded batteries to your Vehicle.

Motorcycle batteries aren't available for roadside purchase. If your motorcycle needs a new battery, you can use your Towing Benefits (see section 2) to tow your motorbike to a designated RAA Battery Service Centre or to another place of repair.

1.4 Lockout/locksmith services

If you tell us there's a child locked in a Vehicle or caravan, and that it's an emergency situation or the child is distressed, we'll transfer the call to emergency services (000), and send an RAA Service Provider.

If you've locked your keys in your Vehicle or caravan, the RAA Service Provider will make a reasonable attempt to unlock your vehicle using available hand tools. If this isn't possible, we can arrange for a locksmith to attend your Vehicle or caravan. If a locksmith attendance is needed because your Vehicle or caravan is disabled, then we'll contribute an amount towards the cost of the locksmith services.

If, at your request, the RAA Service Provider is required to break into your Vehicle, you'll be responsible for any loss or damage to your Vehicle or property.

The maximum we'll contribute to locksmith services in each Product Year is:

- **Premium:** \$150
- **Plus:** nil.

If a locksmith is unavailable, you can use your Towing Benefits (see section 2) and the locksmith contribution for a subsequent call-out.

The locksmith contribution isn't available for Vehicles or caravans that have been disabled because of an Accident or vandalism, or if the Vehicle or caravan has been stolen.

1.5 Caravans/trailers

If you're towing a caravan, trailer, horse float or something similar, and that Towed Unit suffers an unexpected mechanical or electrical fault, failure, or lock-out, an RAA Service Provider will attend and provide assistance, as if it were a Vehicle Breakdown.

1.6 Motorcycles

If your motorcycle can't be ridden because of a mechanical or electrical fault, failure or puncture, an RAA Service Provider will attend and attempt to get your motorcycle going again.

If we're unable to fix the motorcycle at the roadside or you have a flat tyre, you can use your Towing Benefits (see section 2).

1.7 Fuel

Out of fuel

If your Vehicle has run out of fuel, the RAA Service Provider may provide, at your cost, sufficient fuel so that you can drive to the nearest fuel outlet.

If the RAA Service Provider can't supply fuel at the roadside, you can use your Towing Benefits (see section 2) to tow the Vehicle to a fuel outlet.

Incorrect fuel

If you've filled your Vehicle with incorrect fuel, you can use your Towing Benefits (see section 2) to tow the Vehicle to a place of safety or repair.

1.8 Electric Vehicles

If your Electric Vehicle breaks down, an RAA Service Provider will attend to your Vehicle and aim to get it moving (see Section 1).

If your Electric Vehicle doesn't start (i.e. engage ready mode) because of a flat battery (low voltage system), the RAA Service Provider will assess the battery during the Call-out, and provide a jump-start if appropriate, or you can purchase a replacement 12-volt battery.

If your Electric Vehicle runs out of charge (high voltage traction battery system), you can use your Towing Benefits (see Section 2) for towing the Vehicle to your Home or to the nearest Accessible Charging Station.

If your Vehicle is towed to an Accessible Charging Station, you'll need to provide your own charging cable and/or adaptor to charge your Vehicle. We can't supply charging cables or adaptors for Electric Vehicles, and any costs associated with charging the Vehicle will be at your own expense.

2. Towing

If we're unable to get your Vehicle moving again, we'll arrange for a Towing Provider to tow the Vehicle to a place of safety or repair. Towing is only provided for mechanical or electrical fault or failure.

The Towing Benefits don't cover the towing or recovery of bogged Vehicles and/or Towed Units. However, we may arrange towing or recovery of bogged Vehicles and/or Towed Units at an additional expense.

Towing Benefits are limited to the distances and other conditions that are listed below. We'll send you an invoice for any additional fees applicable to the Excess Kilometres, which must be paid within 14 days. These additional fees are set by the Towing Provider. We'll tell you prior to attendance if an additional fee will apply to the tow. If you don't want to go ahead with the tow, you can cancel without charge any time before the Towing Provider is dispatched.

Instead, we'll contribute up to \$100 per Incident towards towing costs, upon presentation of a receipt and the government 'Authority to Tow' form. 6. General terms and conditions

6.1 Road Service Product

- Road Service for Fleets must be taken out directly with RAA in South Australia or Broken Hill, and can't be taken out through an interstate motoring association or club.
- If, in our reasonable opinion, the Vehicle hasn't been maintained in good working order and roadworthy condition, and you're using the Road Service Product as an alternative to regular routine maintenance of the Vehicle, RAA may refuse or restrict your Benefits, or charge a fee, which you'll be advised of at the time of each subsequent Call-out.

6.2 Accessing your Benefits

To access your Road Service Benefits:

- you must be driving a Nominated Vehicle
- a driver must be present when the RAA Service Provider arrives
- your RAA Road Service Product must be financial when you call for Road Service
- the disabled Vehicle must be registered
- you'll be asked to provide the correct Vehicle registration number at the time of asking for Road Service
- only one RAA Road Service Product may be used for each Incident.

Any circumstance or event where your verbal or physical conduct puts the health, safety or wellbeing of an RAA Service Provider or any other RAA employee or contractor at risk, or jeopardises their ability to safely carry out their responsibilities, may result in the immediate suspension of access to your Road Service Product. These events will be formally investigated. During the process, you'll be provided with an opportunity to explain your conduct.

6.3 Location

- Road Service is only available if the Breakdown location and the Vehicle and Towed Unit are accessible by a Maintained Public Road.
- If Road Service is needed in a location where the road isn't a Maintained Public Road, Road Service may not be available or an additional cost might apply. We'll invoice you for these costs and they must be paid within 14 days.
- If the RAA Service Provider needs to travel Excess Kilometres there'll be an additional cost. We'll invoice you for these costs and they must be paid within 14 days. The RAA Service Provider will tell you before attendance if an additional fee will apply to the Call-out. If you don't want to go ahead with the Call-out, you can cancel without charge any time before the Service Provider is dispatched.

6.4 Repairs

- The RAA Service Provider will provide Road Service with the objective of getting your Vehicle back on the road or to a garage for permanent repairs. The RAA Service Provider may carry out minor repairs on the roadside, but only if they can be done safely and within a reasonable time using available hand tools.
- Spare parts offered by the RAA Service Provider during Road Service may or may not be genuine parts. All spare parts meet or exceed manufacturer's specification and comply with relevant Australian Standards and regulatory requirements and are fit for purpose. Spare parts have been sourced from independent manufacturers and comply with manufacturer's specifications.
- The RAA Service Provider will attempt to diagnose the fault at the roadside. However, any findings are to be used as a guide to assist the mechanic or repairer in isolating a specific fault and are not intended to supersede an inspection, maintenance or advice provided by the repairer.

6.5 Accidents

- Unless specified, the Benefits aren't available following an Accident, including (without limitation), Towing Benefits, or roadside repairs arising from an Accident.

6.6 Reimbursement

- If you need to pay for Benefits ordinarily covered by your RAA Road Service Product (such as in a Restricted or Non-Serviced Area or interstate), you may apply for RAA to reimburse these costs (these are limited to applicable Road Service Benefits).
- If you've paid for services or Benefits we have deemed to be eligible for partial or full reimbursement, you've acted as an agent for RAA.
- We'll reimburse you at the same rate that would apply if RAA engaged one of its normal RAA Service Providers to provide those services.

- Product Holders seeking a reimbursement for services or Benefits must apply within ten months of the Breakdown date.
- Receipted accounts for these services or Benefits, with details of the Breakdown, can posted, emailed or lodged online. Contact RAA Incident Management on 1800 888 522 for further details.

Reimbursement for towing costs (Premium: maximum of 400km Round Trip; Plus: 200km Round Trip) in Non-Serviced Areas is determined at RAA Country Service Depot payment rates as amended from time to time.

6.7 Cancellation

- You can cancel your Road Service at any time by giving us written notification addressed to 101 Richmond Road, Mile End SA 5031, by calling us on 8202 4821 or by visiting an RAA Shop.
- If you choose to cancel your Road Service Product, you will not be entitled to receive a refund.
- Road Service benefits will continue to be available until the Product is cancelled.
- We may cancel your Road Service with immediate effect at any time by notifying you in writing where in our reasonable opinion it's needed to protect the health, safety or wellbeing of an RAA Service Provider or any of our other employees or contractors. In this case, we'll refund any Product Fees that relate to the period after cancellation. If we cancel your Road Service Product under this clause, we may, at our discretion, cease to make the Road Service Product available to you.

6.8 Waiting periods

- If you've purchased an RAA Road Service Product and you're business does not hold an existing RAA Road Service Product and you need Road Service for a pre-existing Breakdown, or within 48 hours of purchasing your RAA Road Service Product:
 - a Service Fee will be charged, which you'll be told about when you request Road Service
 - Away from Home Benefits won't apply.
- You may nominate an additional Vehicle to your existing RAA Road Service Product at any time, but if that Vehicle requires Road Service for a pre-existing Breakdown, or within 48 hours of being added, Away from Home Benefits won't apply.
- When upgrading your Road Service Product, a 48-hour waiting period will apply before you can access additional Benefits.
- When upgrading your Road Service Product, additional Benefits won't apply for a pre-existing Breakdown.

6.9 Road Service Product Fees

- These will need to be paid in advance, with rates set and approved by the Board of Directors. Once RAA has received the applicable fees, you'll be recorded as an RAA Road Service Product Holder. No pensioner or other concessions are applicable to Product Fees.
- Product Fees are payable using the following methods:
 - credit card by telephone
 - cash, credit card, EFTPOS at an RAA Shop
 - BPay (renewals only)
 - IVR (renewals only).

- If a Road Service renewal or other debt to RAA is overdue, access to Road Service and additional Benefits may be denied, pending payment of any outstanding Road Service or other fees.
- At our reasonable discretion, and upon payment of outstanding and overdue fees and other charges, you may have your Road Service reinstated.
- If your Road Service Product is cancelled or terminated, your Product Fees won't be refunded.

Simply call the Australia-wide 13 11 11 phone number and you'll be provided the equivalent of the affiliated motoring organisation's Standard Road Service Benefits in that state.
